ECO YACHT 80'

Description

1 - Extreme spaciousness, yet with intimate areas both indoors and outdoors

- The unique design of this catamaran features a full beam salon (75m2 or 775 sq ft) with 150 degree view from the galley, as well as a home cinema area.
- The master suite is huge and located forward of the salon with direct access to the well appointed forward deck, offering total privacy and a 180 degree view forward, along with a private lounging area and jacuzzi.

We also offer the option of having 2 large forward cabins instead of one.

- There are two spacious and luxurious VIP cabins - each 20m2 (215 sq ft) featuring private beach club terraces.

2 - Economical and environmentally friendly hybrid propulsion

- Hybrid by Nature : Wind & Sun
- Extensive use of solar panels (50m2 or 559 sft) combined with new generation electric propulsion. No engine noise, no vibrations and no CO2 emissions.
- Two walk-in engine rooms centrally located in each hull provide easy access for maintenance and storage.
- Built in aluminium (sustainable material) for lightness and strength.

3 - Easy sail handling and maneuvering

- There are 3 separate helm stations one on each hull on each side of the salon and one inside, all comfortably appointed but set apart from the "guests" environment.
- The main sail is a "boom-less" cutting-edge design providing maximum wind efficiency, ease of use and safety. The hi-tech mast is all carbon fiber for
